

Disposal of Mercury-Added Lamps

- * **Mercury Added Lamps (MALs) include all Fluorescent and most HID lamps.**
- * **MALs must be disposed of as a Hazardous Waste, or as a Universal Waste, unless the lamp or the user is exempt.**
- * **In most States, lamps which pass the federal TCLP test are exempt. (e.g. SYLVANIA ECOLOGIC® lamps.)**
- * **California requires lamps to pass an additional TTLIC test to qualify for Hazardous Waste management exemption.**
- * **In California, Hazardous Waste exemptions are about to change....**
